

Dear readers, dear prospective customer,

The BEWEI Bodyconcept has been successfully implemented at 180 locations for 10 years and is considered a highly profitable project. Leading hotels and ships like the MS Europa, doctors and high-quality SPA's work with BEWEI.

The press also got to know BEWEI and reported enthusiastically:

"... for me, BEWEI is the most innovative trend product in the area of beauty and health, which exists in Europe." Sabine Harms, Journalist at "Bild der Frau"

SHAPE, Fit for Fun, Petra, BUNTE, VOGUE, and more than 50 other magazines have also written about us.

Currently you will find the ICON article of the Welt am Sonntag from 14.02.2016 also online: <http://www.welt.de/icon/article153158368/So-werden-Sie-ganz-ohne-Quaelerei-schlanker.html>

BEWEI is a trendy, state-of-the-art system that provides you with a younger look and a more beautiful and slimmer figure in a relaxing manner. Unique: the treatment is without personnel.

The special feature of BEWEI is the pleasant, chilled treatment. One lies in a comfortable couch; just relaxing while electromagnetic waves stimulate the metabolism. The effect is holistic, you can see the effect on the whole body and even on the face. Everything looks much firmer and thus enormously rejuvenated.

The BEWEI concept offers a world of tranquility and beauty, which we implement in existing institutes or as a standalone solution. BEWEI coaches train the operators on site. In addition, high-quality promotional materials are provided and together we are preparing a grand opening event for the launch of the BEWEI Lounge. Here we inform the guests with an exciting lecture. This "all-round carefree package" means that high revenues are generated from day one.

More information can be found at www.bewei.com on the Internet. In addition, you can watch the film about the BEWEI Lounge Hamburg here: [BEWEI Lounge Hamburg](#)
